rivate Guide tor Men

The 30th edition (revised) of my little book, "Three Classes of Men," is now ready, and will be mailed in plain, sealed envelope, to any part of the world, free of

Over five million copies of this treatise have been distributed since the first edition appeared some years ago, marking, I believe, the largest circulation of any thera-peutic work ever published. This little book was compiled by me to embody the proven results of my 30 years' experience as a specialist.

It is a guide to men, both single and married, offering much valuable advice and outlining a course to pursue for the greatest possible development of manhood, both physical and mental. It deals with private weaknesses which cannot, with propriety, be discussed in this paper. It tells that strength once dissipated may be regained by nature's treatment

WITHOUT DRUGS.

It tells of my success in the proper employment of the galvanic current of Electricity and how I discovered 25 years ago that an appliance was required which would give a continuous, mild current for seven or eight hours at a time.

This led me to construct a portable chain battery which the patient might apply himself, and started me in on a line of experiment that has developed by degrees, by 25 years of close practical study and application, into the construction of my present

DR. SANDEN ELECTRIC BELT,

protected by patents. This I consider a perfect home self-treatment. The book describes it thoroughly. You wear it around your waist comfortably at night. It cures while you sleep, sending a pleasant, soothing stream of electricity through the weakened parts, curing in 60 to 90 days, often benefiting at once. Do not forget that this Belt is used by women as well as men for the treatment of Rheumatism in any part of the body. Lumbago, Kidney, Liver Disorders, etc., and in fact will cure aches, pains and weaknesses of

I give my personal attention to correspondents, and offer free advice at my office or by mail: My system of symptom blanks enables me to diagnose cases perfectly, at any distance, though to those who live nearby a personal call will enable them to see the Belt in working order and test current. Over 6,000 unsolicited testimonials received during 1808.

If too far to call, write for above book, which explains all. Office Hours: 9 A.M. to 9 P.M. DR. A. SANDEN, 826 Broadway, New York, N.Y.
